

Arizona Region  
Player Commitment Guidelines

The following guidelines are taken directly from the Arizona Region Club Director Handbook. These are presented to the parents of our junior players to make them aware of these established policies and the consequences of breaking them.

The Arizona Region considers a player committed to a junior club as soon as all of the following have been completed:

1. A player, or his/her parent/guardian, submits an Arizona Region Individual Membership form along with payment of the Junior Volleyball membership fee to a club, its director or one of its coaches with the intent of joining the club for the current season.
2. A time period of 24 hours passes after the submission of the player's forms and fees in which the player or parent/guardian does not inform the club of a change in their decision to commit to that club.

Players who have committed to a club and then wish to transfer to another club during the same season must be released from the club they first committed to in order to practice or play with the club they wish to transfer to. There is no obligation on the part of the first club to release the player wishing to transfer. A Player Release Form must be signed by BOTH club directors and a parent of the player wishing to transfer, submitted to the Arizona Region and approved by the Junior Board in order for the transfer to be complete.

Violators of these guidelines may be censured as follows:

A junior member or his/her parent/guardian who illegally commits to a club during or prior to the season may be subject to sanction by the Arizona Region Due Process. Sanctions may include but are not limited to revocation of membership for the current season.
